## T914 One piece Z-Type Ear Tags

**T914** is a kind of animal electronic ear tag that designed exclusively for animal identification, animal breeding and food(meat) safety & traceability management solutions.

The material of T914 is high quality TPU. It passed the test of RoHs with CE certificate and has the characteristic of non-toxic, pollution-free, corrosion-resistant, anti-UV. Adopting the Secondary Encapsulation Molding process, it has excellent waterproof and anti-shedding performance. With reliable and consistent strict quality control, products of Fofia were accepted and authorized by Australian NLIS.

OEM optional needs of different colors, laser marking process and the application of self-piercing can be met and welcome.
