

Technical Information

ET960 Active Smart Temperature-monitor TL-002

Products Introduction

- ◆ Active Ear-tag with Bluetooth
- ◆ Light and portable, cost saving
- ◆ More accuracy, long distance in data collection
- ◆ Suitable for temperature monitoring of livestock, inventory-check and other scenarios
- ◆ Functions of ear surface temperature monitoring and self-check of ear-tag drop.

Name of Product	Active Smart Temperature-monitor TL-002		
Model	ET960		
Basic Parameters		Product Specification	
Frequency Band	2.4G	Color	Yellow
Sensor Type	Temperature sensor, Vibration sensor, Battery Voltage Sensor	Size (L x W x H)	37mm x25mm x14mm
Data Transmission Frequency	One data package transferred every 10 seconds	Material	Polycarbonate (PC)
Max. Capacity single site	1000 sets	Weight	9.5g
Working temperature	-10°C -50°C	Laser Marking	Yes
Temperature range	+20°C~50°C	Grade of Waterproof	IP67
Temperature Accuracy	0.2°C	Anti-collision Standard	IEC 68-2-27
Update Cycle of Data	Five Minutes	Anti-vibration Standard	IEC 68-2-6
Others			
Length of Label number	8 digital serial codes (00000000~99999999), no more re-written		
Working years	3 years
